A PARTNER IN YOU

Grace Center has many partners. The faces of these partners look a lot like you. People you interact with everyday are, or will become some of our most dedicated volunteers and donors. The people you come in contact with in your churches, schools, places of business, organizations and clubs are looking for a way to help. You are needed.

Grace Center is asking if you and your group will consider organizing a food drive. With the growing number of families Grace Center serves and the cost of food climbing, the demand to keep food on the shelves is increasing.

Ways You Can Help:

- Ask your congregation if you can put a box in the coatroom where food donations could be placed. At the end of each month have a member transport them to the food pantry.
- At your next club event ask each person to bring a canned food item as an entry fee.
- Hold a contest with your organization, whoever brings the most food donations, wins a prize.
- Organize a pajama day at your school where each student needs to bring \$.25 to participate, all proceeds go to Grace Center.
- Ask your women's group, church group or Girl Scout troop to be involved in a food drive.
- Consider asking the boss at work if you could have a 'casual Friday' where each employee brings a food item in order to participate.
- Get creative and plan a 'themed food drive' such as a luau or an Italian theme.

Will you consider being part of the solution?

- EASY MEATLOAF**
- 1 1/2 pounds ground beef
 - 1 egg
 - 1 onion, chopped
 - 1 cup milk
 - 1 cup dried bread crumbs
 - salt and pepper to taste
 - 1/3 cup ketchup
 - 2 tablespoons brown sugar
 - 2 tablespoons prepared mustard

Combine the beef, egg, onion, milk, salt, pepper and bread crumbs. Place in a lightly greased 5x9 inch loaf pan, OR form into a loaf and place in a lightly greased 9x13 inch baking dish. In a separate small bowl, combine the brown sugar, mustard and ketchup. Mix well and pour over the meatloaf. Bake at 350 degrees for 1 hour.

COMMUNITY GARDEN PROJECT

Harrodsburg United Methodist Church will be hosting their 'Community Garden Project' again this year. Weather permitting, garden plots located on the grounds of the HUMC building will be tilled by April 1. The plots will be marked off and assigned, each person will be contacted when their plot is ready. Once you are assigned a plot, HUMC asks that you tend your garden regularly, use organic products (such as fertilizer), and consider donating a portion of your bounty to a food pantry like Grace Center. They also ask that you respect the other gardens, and if you borrow tools or equipment donated for use by HUMC, that they be returned to their proper place after use. Enrollment forms are available at HUMC, Grace Center Food Pantry and Community Hardware, Inc.

FRUGAL LIVING

Spring is here! This gives us even more reasons to enjoy frugal living. Try these simple tips to save money and energy:

1. Opt for the cold-water wash cycle and save about \$60 a year.
2. Put up a clothesline and dry your clothes, sheets, and towels the old-fashioned way. (Sunlight is free and makes whites whiter naturally!)
3. Try switching to baking soda, white vinegar, and hot water for surface cleaning in your home, no more toxic and expensive chemicals.
4. Store food in reusable containers instead of single-use throw away containers. It's cheaper in the long run and saves resources.

5. Shop vintage and thrift stores to give needed items a second chance.
6. Plug home electronics into power strips; turn the power strips off when the equipment is not in use (TVs and DVDs in standby mode still use several watts of power).
7. Heating and cooling accounts for 50% of the typical household's energy costs, changing your thermostat's temperature even 1 or 2 degrees can make a big difference in your monthly bill.
8. If your house is going to be empty for an extended length of time, turn your water heater off. After all, why should you spend money heating water that no one will use?
9. Fix that leaky faucet. It's only a drip, right? Wrong. One drip per second can add up to 200 gallons per month. So fixing that leaky faucet is definitely worth it, especially if it's hot water.
10. In the summer, don't add to the heat in your home by using your oven. Cook outdoors on the grill or use smaller appliances like a toaster oven or microwave.

COMMUNITY COMPUTER

Harrodsburg United Methodist Church donated a computer to Grace Center, Inc for the public to use. The computer is set up in the back room of Community Hardware and is available for use during business hours. Community Hardware is open Monday-Friday 8am to 6pm and Saturday 8am to 5pm. The computer has internet access and is hooked up to a printer. If you have any questions please call Grace Center, Inc. at 824-5595. Anyone under the age of 18 will be required to have a parents signature on file.

GRACE CENTER SENDS SPECIAL THANKS TO:
